

Gorgo #17: The Monster From The Sea -- All Stories - No Ads

Gorgo may not be quite as famous as that other monster from the deep ocean who is misunderstood, destroys a few cities, and often saves mankind from worse fates, but he had quite a run in the comics in the early 1960s. Steve Ditko, creator of Spider-Man and master comic artist, was the primary talent behind Charlton's 26 issues of Gorgo (23 regular issues and three specials). Now you can read them all again! We're publishing all the individual issues of Gorgo; you will also find them in a 7-Volume Collection, The Complete Gorgo or if you want the ultimate collection, you will find all-Gorgo and only Gorgo in two 350-page giant volumes, Classic Comics Library #27 & 28.
