

## Falling Snowflakes Mitts

**Skill Level:** Intermediate These modern snowflake Fair Isle fingerless mittens are great for all those Frozen fans out there. You can create so many different looks by changing the colors of the falling snowflakes and background color. Fair Isle is a technique where two colors are used in any particular row to create pictures or designs in your project. Don't know how to do Fair Isle? Don't worry, there is an extensive photo tutorial section (13 pages!!!) that will not only teach you how to create Fair Isle but also covers all of this: 1. Color Changing throughout the gloves including at the round join. 2. Catching the yarn to create short floats. 3. How to keep your yarn untangled. 4. How to keep your seam straight on your mitts. The mittens also include full written instructions as well as a color chart for the Fair Isle portion. I also have video tutorials for all the techniques used on my website. Recommended Yarn About 200 yards of lightweight yarn Recommended Hooks 2.5mm [US-C] 3.25mm [US-D] 3.5mm [US-E] Finished Measurements Small Mitts: 7.5 around x 6.5 tall Medium Mitts: 8 around x 7 tall Large Mitts: 8.5 around x 7.5 tall Stitch Diagram? Yes Just a quick reminder, this is my original design (and tutorials) and they are not to be copied and reproduced for monetary purposes, I'd love if you made as many as you liked for yourself or to give as gifts, or even sell for profit (see store policies for more on this), but please do not make copies of the pattern or tutorials. Thanks!
