

One Unforgettable Journey

Dan was a traveling business man content with his life when a twist of fate pulled him off the road and changed his life forever. A chance meeting with an unexpected puppy captured his heart, and before he knew it he was getting certified as a dog trainer, opening a dog day care and training facility and running a rescue for Weimaraners. Just when he thought he had seen it all, a friend alerted him to an advertisement for a Weimaraner described as a show dog. Upon their meeting Dan was horrified at the dogs condition and vowed to give him a better life. Little did he know the dog, Maverick, would be the one taking Dan on an unforgettable journey. As seen on ABC World News Tonight with Diane Sawyer, this book tells the heartwarming tale of the full journey of Maverick from a life of abuse and neglect to being the much-loved underdog at the 2012 Westminster Dog Show in New York. Proceeds from this book directly benefit Mid-Atlantic Weimaraner Rescue. If you are considering getting a Weimaraner, please check rescue and adoption resources first. Purebred dogs end up in shelters every day.
