

## Fall Twist Cowl Pattern (Eco Chic Knits Designs Book 2012)

The Fall Twist Cowl braids and cables Estelles Cloud Cotton into a cozy cowl perfect for the changing seasons. The warmth of the organic cotton snuggles you close as the colors reflect the changes occurring in nature. Accented with a recycled clay button, this cowl will keep you in comfort and style as you explore the beauty of Fall. I set this pattern at an intermediate level. It requires 3 skeins of Estelles Cloud Cotton orange, brown, and red. However, there is enough left over to knit a second cowl if you change which color is main. The pattern includes box pleats, cables, and braids. Since each section is worked individually, beginner + knitters looking for a challenge should be able to complete this project. The pattern includes written directions, a glossary, a chart, and a guide to braiding. Tech edited by Katherine Vaughan.
