

The Complete Works of George Savile: First Marquess of Halifax (Classic Reprint)

Excerpt from The Complete Works of George Savile: First Marquess of Halifax It would have given no displeasure to Sir George Savile, First Marquess of Halifax, to think that by later generations of his countrymen he should be almost forgotten. Statesmen are easily forgotten. A prosperous lie made Titus Gates immortal; but the man who was the practical genius of the English Revolution, and the acutest critical genius among English politicians, is now little more than a name. What is most commonly remembered about him is that he was called the Trimmer. The nickname was put upon him angrily by his contemporaries, and was worn proudly by himself. The imputation it conveyed was, no doubt, that he trimmed his sails to the varying breezes of opinion; but in his famous pamphlet, the noise of which still echoes distantly in the public ear, he changed the metaphor. A boat, he said, goes ill, and is in danger of capsizing, if the people in it weigh it down all on one side, or all on the other. But there is a kind of men who conceive that it would do as well if the boat went even, without endangering the passengers. And it is hard to imagine, he adds, how it should come to be a fault, or a heresy, to attempt to trim the boat. He calls it a boat (he never uses magnificent or extravagant language), but what he means is the ship of State, that ship on whose seaworthiness the lives even of the mutineers depend. Halifax was a pilot for the greater part of his responsible life, and his chief care was always the State. His reputation has none of that glamour which shines upon heroic folly. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst

repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
