

The Might of Right: From the Writings of William Ewart Gladstone (Classic Reprint)

Excerpt from The Might of Right: From the Writings of William Ewart Gladstone
It was a worth-while suggestion to provide for spare minutes communion with the choice utterances of an ample mind loosed from task-work and at large in the Sabbath of that deeper sea, where its contemplations are serenest. Great men are no longer of most interest for the events of their lives. We rate them rather by the measure and influence of their thought and speech. So the following extracts are a good biography in short of Mr. Gladstone, for they reveal him in something better than his political greatness - they reveal him in what makes him and best makes any man great - the loftiness of his moral sentiment. This book comes at an opportune moment, when the whole world is on tip-toe to catch a glimpse of the foremost man in England. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
